ARTICLE VIII – SUPPLEMENTAL/CO-CURRICULAR CONTRACT COMPENSATION

A. ASSIGNMENT.

1. Supplemental activities are assignments in addition to the employee's primary contract of employment. Such assignments shall be voluntary and no employee shall be required to accept any such assignment. Supplemental positions may be created by the Board (State Statute) and initial salaries set by the Board. Those salaries will automatically become an item for discussion at the next contract negotiations. All certified staff will be notified whenever a supplemental position becomes open either through resignation or non-renewal of the person holding the position. In order to be considered for the supplemental, a written request for consideration must be submitted to the Superintendent and/or Building Principal.

2. Co-curricular activities are assignments which may occur outside the normal school day but are part of the regular curriculum of a class. Such assignments are part of the teacher's primary teaching duties and, therefore, are not considered voluntary, but instead an integral segment of the teacher's duties and as such are attached to the teacher's basic contract. The BOE may add or delete co-curricular Contract Extended Duty as needed and compensation will be determined by the BOE and /or supplementary salary schedule.

B. INSURANCE.

All extracurricular activities shall be covered by district insurance.

C. SUPPLEMENTAL/CO-CURRICULAR ASSIGNMENTS COMPENSATION.

1. While supplemental assignments are voluntary and co-curricular assignments are mandatory, both are compensated separately from the teacher's basic salary. The percentage of the increase or decrease in compensation will be negotiated at the same amount for both salary schedules.

2. See attached lists of existing supplemental and co-curricular assignments and rates of pay in Appendix A.

3. A list of all supplemental positions will be included in the teacher handbook. If a certified staff

member is interested in any position, occupied or not, the staff member shall provide a written correspondence to the building principal, superintendent and board clerk no later than November 1st. New hires will have thirty (30) days after their date of hire to provide their written correspondence. A list will then be compiled and presented to the board to view at the November board meeting.

ARTICLE IX - EXTENDED CONTRACT RATE

- A. The salary schedule is based upon the regular school year and the normal workday as set forth in this Agreement. Any employee whose assignment exceeds the regular employee work year, or the normal employee hours and the load, will be additionally compensated on an hourly basis.**
- B. Staff members asked to forfeit unassigned time shall be reimbursed at their hourly per diem rate for each hour or fraction thereof.**
- C. Teachers employed for the summer or after school instructional programs will be paid at the rate of \$15.00 per hour for hours worked if a license is not required. These teachers must submit a comprehensive report indicating the number of hours and days spent and the accomplishments of their summer program before payment is made.**
- D. CONTRACT INCENTIVE.**

The Board may pay a salary “above schedule”, as determined by the Board, to a licensed teacher in a position or duty that current demand may require a higher salary in order to retain a teacher or to hire a teacher to promote the general welfare of the district as determined by the Board. The Association will be notified of the Board’s approval of the teacher contract with an “above schedule” amount. Once an “above schedule” amount has been added to or included in a teacher’s compensation under the provisions of this section, the amount shall remain in the teacher’s salary and be shown on the contract as a “contract incentive” amount. The contract incentive may be deleted from successive contracts by the Board, providing notice is given to the contracted teacher on or before May 1st each year.

ARTICLE X - EXTRA DUTY ASSIGNMENTS

- A. Extra duty assignments are those non-professional hourly assignments teachers may be asked to consider (e.g., ticket taking, score keeping, track assistance, spelling bee, open gym, etc.). Extra duty assignments shall be posted in each building for consideration by district employees first.**
- B. Employees shall be compensated at a rate of \$9.00 per hour for each assignment.**
- C. For duties that rely on professional licensure, such as curriculum or other committee work, outside of the school day, the employee shall be reimbursed at \$24.00 per hour.**
- D. No teacher shall be required to relinquish his/her unassigned time to cover another teacher's class unless compensated at the hourly per diem rate of the teacher's annual salary. Pre-scheduled staff absences, such as sporting events and other meetings, shall be announced and offered to staff at the above-noted compensation rate. Under no circumstances shall teachers be asked to forfeit their planning time without advance consultation and compensation.**
- E. At the beginning of each school year a roster will be made by the building principals of volunteers who will perform lunchroom duty, parking lot supervision, and/or commons area supervision in exchange for receiving a school lunch without charge. Each teacher has the right to accept or reject being on this roster without penalty. A minimum of two (2) teachers must be in the lunchroom or commons area for each session and a minimum of one teacher must be in each parking lot each morning and afternoon. Principals will assign lunchroom duty/parking lot supervision/commons area supervision from the roster, but teachers may trade duty with other teachers in case of conflicts or emergencies. Staff members who voluntarily agree to accept supervisory responsibilities during lunch and choose to eat will be provided a free lunch. Those who voluntarily accept supervisory responsibilities before or after school or during lunch but who choose not to eat will be reimbursed \$4.50 per assigned 30-minute duty period. Pay for supervisory periods will be made in one lump sum on or before June 30.**
- F. Teachers will attend the annual Open House without compensation unless excused by the building principal.**

ARTICLE XI - HEALTH BENEFITS

The Board shall pay \$421 for a single policy or \$581 for a family policy at the direction of the employee. A 100% participation requirement may be placed into effect only if required by the group health carrier by plan definition. Should an employee select a policy that does not require the full maximum fringe available the excess dollars will not be paid to the employee.

ARTICLE XII - TUITION REQUIREMENTS

A. COLLEGE COURSES AND WORKSHOPS.

The Board shall reimburse employees for tuition, books and materials after successful completion of up to a maximum of three (3) credit hours per year for accredited college level course work upon receipt of proof of successful completion of the hours from an accredited institution at a maximum rate of the current rate of PSU per credit hour, either graduate or undergraduate, depending on the level hours taken by the employee. Any other enrollment must have the prior approval of the administration before it may be considered as reimbursable.

B. SEMINARS AND WORKSHOPS.

Fees for seminars and workshops for which teachers will gain points that can be used for Highly Qualified Licensure will be reimbursed no more than the amount equal to one undergraduate hour per school year. Said seminars and workshops will be taken outside the Student Contact day. The amount paid for the workshop will be deducted from the possible three-hours reimbursement for which the teacher may apply, the remainder of which may be applied toward college hours within the same contract year.

C. REIMBURSEMENT.

Teachers will be given the opportunity to apply for reimbursement for more than three (3) hours in the current contract year if money budgeted for that purpose remains unused at June 1. If more than one teacher applies for additional reimbursement and the unused money will not cover all applicants' requests completely, the money will be paid out to the applicants equally until each one who can be reimbursed completely is so compensated. The remaining money will then be divided equally among the applicants who have taken more hours than could be completely reimbursed. (For example, Teacher A has taken 3 hours

total, Teacher B has taken 6 hours total, Teacher C has taken 9 hours, and Teacher D has taken 12 hours total in one school year from July 1 to June 1 and each has turned in proof of satisfactory completion of all hours taken by June 1. All four will receive reimbursement for 3 hours. Then Teachers B, C, and D are eligible for additional reimbursement depending upon the amount of money remaining in the budget for the purpose of reimbursement. If enough money remains, each teacher will be reimbursed for 3 additional hours. That would mean Teachers A and B were totally reimbursed for the hours which they turned in. If money still remains in the budgeted account, Teachers C and D could be reimbursed for another 3 hours. If there is not enough money left for reimbursement another 3 hours for these two teachers, the amount remaining will be divided between them as partial reimbursement for the rest of the hours they have turned in.)

ARTICLE XIII - RETIREMENT

A. Any Teacher who plans to retire should notify the Board at the earliest possible time prior to the March board meeting of the last service year. The Kansas Public Employees Retirement System retirement policy states that a three (3) month notice to KPERS must be given on the proper forms prior to starting retirement. Such forms may be obtained from the district office.

B. EARLY RETIREMENT INCENTIVE

1. An early retirement incentive benefit will be provided annually to the first three (3) licensed staff who have attained their eighty-five (85) points, have a minimum of ten (10) years in the district, and have notified the Board prior to the March board meeting of their intentions to retire from USD #344. Upon retiring, the qualifying retiree, depending upon the year in which the employee retires, will be entitled to an amount (see schedule below) divided out annually from his/her retirement until he/she reaches the age specified under the Federal guidelines for Medicare eligibility. (Example: If Teacher A retires at age 59, is one of the first three teachers to turn in his/her retirement notification, and is eligible for \$20,000 (see schedule below) he/she would be entitled to \$20,000. If he/she will be eligible for Medicare at age 65, that \$20,000 will be paid into an annuity fund equally for 6 years in amounts of \$3,333 per year [$\$20,000/6 =$

\$3,333] with the unequal portion [in this case, an additional \$2] being added to the final year.)

2. The Early Retirement Incentive will continue to be paid out as delineated above but will be phased out according to the following four-year schedule. Upon resignation in each of the four year, qualifying staff will be entitled to these amounts:

School Year 2009-2010: \$20,000

School year 2010-2011: \$15,000

School Year 2011-2012: \$10,000

School Year 2012-2013: \$5,000

Beginning with School Year 2013-2014, no part of the current early retirement incentive will be offered to those who retire in that year or successive years.

No anonymous data shall be allowed in any employee's file.

B. RIGHT TO REPRODUCE CONTENTS.

ARTICLE XV - LEAVES

If an employee is on an extended contract, he/she shall be entitled to an additional one (1) day or pro rata day therefrom of leave for each month beyond the normal contract. The unused portion of this credited leave shall accumulate from year to year up to sixty (60) days.

No reason need be listed for the use of an employee's leave. However, due to the possible unavailability of substitute teachers, leave requests during the week prior to or following Thanksgiving, Christmas, Spring Break, or Easter may be denied if a substitute is unavailable. An employee who chooses to take the Leave despite denial may be subject to salary docking. At the end of the school year, the unused portion of the thirteen (13) days of Leave shall accumulate from year to year up to sixty (60) days.

2. Notification of Accumulation.

Each employee shall be given a written accounting of his/her accumulated leave days in September of each school year and each month thereafter.

B. LEGAL LEAVE.

The Board shall grant each employee the time necessary for appearance in any legal proceeding connected with his/her employment or related to the school system. Legal Leave also includes jury duty and any instance in which the employee is subpoenaed. This time will not be deducted from the employee's

discretionary leave. This leave provision does not apply to instances when the employee is the plaintiff or defendant in a civil action or in a criminal action.

C. PROFESSIONAL LEAVE.

If the employee chooses to use his/her Discretionary Leave for professional improvement, the employee will bear all costs of the professional improvement day except for the expense of a substitute teacher. At the request of the Principal and approval of the Superintendent, the employee will be reimbursed by USD #344 for the cost of conference fee, the cost of room, meals, and mileage if personal vehicle is approved and used. The employee will also supply the district with receipts for reimbursement purposes.

3. In the event an employee who is absent has exhausted his/her accrued Discretionary Leave, he/she may request that illness and/or disability leave be granted from the Association Illness and Disability Bank. Upon the Association's approval, the District shall credit such person(s) with such leave from the Bank.

4. Guidelines for Use of AID Bank.

The following guidelines will apply for the use of the AID Bank:

 - h. If anyone uses the Bank, he/she will be required to participate in the bank the following year.**
- 5. The Association shall be given a written accounting of its accumulated AID Bank days on November 1 and June 15 of each school year. The leave days in the Bank shall accumulate until it reaches a cap of one hundred fifty (150) days.**
- a. Once the cap has been reached, additional days will not be deducted at the start of the new year from those teachers who were members of the Bank the previous year in order for those teachers to remain as participants in the Bank. Any certified personnel who has not previously participated in the sick bank who wishes to become a member will be required to give two (2) of their first twelve (12) days of discretionary leave to the sick bank in order to be eligible to participate in the Bank.**
 - b. IF and WHEN the Bank drops to one hundred thirty-five to one hundred twenty-one (135 – 121) days inclusively, one-half (1/2) day will be added at the start of the new school year from each teacher who participated in the Bank the previous year.**
 - c. IF and WHEN the Bank drops between one hundred twenty to one hundred (120-100) days inclusively, one (1) day will be added at the start of the new school year from each teacher who participated in the Bank the previous year.**
 - d. Any time the bank contains only ninety-nine (99) days or less at the beginning of a new school year, all participants must contribute two (2) days to remain in or join the Bank.**
 - e. If, at any time during the school year, the Bank should fall to thirty (30) days or below, current participants will be polled to determine if the plurality wishes to contribute an additional one (1) day. If the plurality votes to contribute an additional day, all current**

members will be required to contribute.

6. No teachers will be allowed to join the Bank after 10 school days from the start of the school year with the exception of an employee who is hired after that date, that employee has 10 school days after the date of active employment to join the Association Bank. The initial two (2) days required to join will be adjusted to one and one-half (1 ½) if the teacher is hired after the first nine-weeks or to one (1) if the teacher is hired after the first semester.

ADMENDMENT: Teachers may not donate their discretionary days to another employee.

H. NOTIFICATION OF ABSENCE.

The Employee Evaluation Report must be signed by the principal as the evaluator and by the employee only as an acknowledgement that a post-evaluation conference was held, that the employee was made aware of the contents of the evaluation report, and that it was thoroughly discussed with him/her. The administrator must have the recording available at the conclusion of the meeting for the employee and the employee will return the recording by the end of the same day. If the employee leaves without requesting the recording they will have three (3) school days to request the recording and then must return the recording to the administrator within the three (3) school days. A recorder may be used in all situations except the following:

Disciplinary Procedure

ARTICLE XXIII - REDUCTION IN FORCE

Insofar as possible, staff reduction shall be accomplished by attrition due to resignation and retirement. When, in the sole discretion and judgment of the Board, it is necessary to reduce the number of tenured teachers, the Board shall give consideration to the following factors in determining which tenured teachers' contracts shall be not be renewed due to staff reduction.

- A. The considerations which shall be utilized by the Board are as follows in no predetermined order of importance:**
- 1. Professional educational performance as determined from the tenured teacher's three (3) most current evaluations.**
 - 2. Teaching experience in the specific subject matter areas.**
 - 3. Elementary/secondary level teaching experience.**
 - 4. Areas of licensure.**
 - 5. Advanced degrees and additional credit hours as reflected by the teacher's placement on the salary schedule.**
 - 6. Years of active service.**
 - 7. Any other lawful factor that may be considered by the Board which is not listed above.**
- B. The following steps will be utilized by the district's administrative staff to reduce the teaching staff:**
- 1. The administrative staff will ascertain the educational programs for the district to meet the educational goals established by the Board.**
 - 2. The number of teachers needed to implement the district's educational program will then be**

determined based on those educational goals as determined by the Board.

3. All teachers will be evaluated in relationship to the educational goals of the district.
4. Individual qualifications in specific skill areas or disciplines shall be ascertained and applied to the teacher-needs of the district. Educational forms, instruments or tools will be used to measure each staff member's teaching ability.

C. Any licensed teacher who has not been re-employed as a result of reduction of the teaching staff shall be considered for reemployment if a vacancy exists for which the teacher would qualify. This right to be considered for reemployment shall exist for a period of one (1) year from the date a teacher was non-renewed. In determining which teachers shall be recalled, the Board shall utilize the same considerations, in no predetermined order of importance, as those are used to determine which teachers' contracts will not be renewed. (See XXIII-1 above)

A tenured teacher's years of active contracted teaching service with the district and placement on the salary schedule shall not be adversely affected as a result of the non-renewal of such teacher's contract due to staff reduction. However, such teacher shall not receive credit for the years of active service or credit on the salary schedule for the period of time between the terminal date of the teacher's non-renewed contract and the date of the resumed full-time teaching services for the district following recall.

Each teacher affected by staff reduction under the conditions of this agreement who desires reinstatement must notify the superintendent in writing of his/her interest and availability every year after the termination date of his/her contract and shall keep the personnel office informed of any change of address and/or telephone number. The Board's obligation shall be to notify the teacher of an employment opportunity at the address in the Board's files.

Failure to accept reemployment within ten (10) days and to be available for duty within twenty (20) days after receiving notice of recall shall relieve the Board of any responsibility with regard to recall of the teacher who so rejects such reemployment. Such rejection shall be deemed to be a resignation by the teacher from the preferred eligibility list.

A teacher whose employment is not renewed as a result of staff reduction may accept a teaching position in another district. Said teacher shall retain the right to be considered for reemployment by USD #344 until after the

end of the year for which the subsequent contract was signed.

Any teacher laid off shall be accorded recall rights unless specifically waived in writing. The Board shall annually provide the PNEA with a current list of those who have retained these rights. The PNEA shall have the right to file a grievance for a teacher who is not currently employed if it appears that the teacher's recall rights have been violated.

1. Cooperating teacher means a teacher who holds a valid Kansas teaching license, and who is responsible for supervising the student teacher or intern.

3. Intern means a college or university student who is fulfilling a pre-student teacher requirement by a teacher education institution under the supervision of a cooperating teacher.

B. COOPERATING TEACHERS.

1. The cooperating teacher shall be endorsed by the state board in the particular subject and at the level of instruction for which the student teacher is seeking licensure and endorsement.
2. The cooperating teacher shall have at least two (2) years of experience as a classroom teacher and at least one (1) semester of experience as a classroom teacher in the present assignment.
3. A student teacher shall be assigned only to a cooperating teacher who is willing to work with the student teacher and who is recommended by the school or district.
4. The Board shall not participate in a program with a college or university which does not maintain the opportunity for the university coordinator to work closely with supervising teachers.
5. If the college or university placing student teachers provides the district with reimbursement for

these services, the full dollar amount will be given to the designated supervising teacher.

C. STUDENT TEACHER.

1. Each student teacher shall be under the supervision of a cooperating teacher and a building principal.
2. No compensation shall be paid student teachers for their services.

This Agreement shall not be modified in whole or in part except by an instrument in writing duly executed by all parties. Upon mutual consent to modify this Agreement, negotiations shall commence not more than ten (10) days thereafter.

All understandings, or agreements, shall be reduced to writing, signed by both parties, and made part of this Agreement.

ARTICLE XXVI - SAVINGS CLAUSE

If any provision of this Agreement or any application of this Agreement to any employee or group of employees is held to be contrary to law, then such provision or application shall be deemed invalid, but all other provisions shall continue in full force and effect. Furthermore, the Board and Association shall enter immediately into negotiation to replace any provision found to be contrary to law.

ARTICLE XXVII - PERFORMANCE PROBATION

On occasion, evaluation of an individual teacher's performance will reveal problems of a nature which suggests deficiencies which are below average in the teaching performance of a teacher, but these problems may not be of such a degree to indicate a critical need for termination of employment. Rather, it may be decided that the interest of the teacher and the district can better be served through an intensive assistance program by the Administration and other professional employees.

As a result of conclusions drawn from the evaluation of a teacher's performance, a teacher may be placed on

probation. Placement on probationary status shall be an administrative decision. It is emphasized that probation, while a disciplinary action, may be only formal recognition of a situation which indicates a need for more intensive supervision and assistance in certain performance areas where the teacher is experiencing serious difficulty and remediation is appropriate.

In such case, the teacher may be placed on probation until such time as the problems experienced by the teacher are reduced to an acceptable level or eliminated or until it is determined that the interests of teacher and the school system can be best served by asking the teacher to resign or by formally terminating and/or non-renewing the teacher's contract.

No teacher shall be placed on probation prior to the end of the second supervisory appraisal or prior to the end of his/her first semester of teaching, whichever occurs first.

Probation shall commence only after the building principal sets forth the reasons and conditions of the probation in writing and provides such document to the teacher.

ARTICLE XXVIII - DUAL CREDIT CLASSES

Any teacher who is teaching a course for dual credit, under USD #344's agreement with Fort Scott Community College, will not receive any extra compensation beyond that paid under the existing negotiated agreement. Any revenue paid to the district will be placed in the General Fund for the benefit of all students and staff.
